Top Skills

Food Technology
Swahili
Contamination Control

Brian Kipkoech

MOLECULAR BIOLOGIST
Eldoret, Uasin Gishu County, Kenya

Summary

Hands on experience on P.C.R and Gel electrophoresis
real time PCR operation

Experience

University of Eldoret
4 years

Research Assistant
June 2025 - Present (1 year 1 month)

Research Project Assistant
September 2024 - Present (1 year 10 months)

Isolated and meticulously characterized *Rhizobium* bacteria from root nodules using advanced microbiological techniques, including culture initiation and sample preparation. Interpreted complex experimental data to assess bacterial viability and symbiotic efficiency, directly supporting agricultural biotechnology applications. Optimized laboratory protocols, enhancing isolation efficiency by an estimated 40% and significantly reducing contamination risks.

Program Representative
2022 - Present (4 years)

Served as the primary liaison for over 100 students, effectively advocating for curriculum enhancements and addressing student academic and welfare needs. Orchestrated and facilitated multiple workshops and educational events, significantly boosting practical learning and engagement within the biotechnology program. Actively contributed to program development discussions, resulting in improved academic offerings and student experience.

Biotechnology Intern
May 2025 - June 2025 (2 months)
Eldoret, Uasin Gishu County, Kenya

Biotechnology Intern
May 2025 - June 2025 (2 months)

University of Eldoret, Fish Genomics and Genetics Lab
Research Project Assistant
June 2024 - Present (2 years 1 month)

Executed molecular classification of dung beetles from Namibian sites, conducting DNA extraction, PCR amplification, and gel electrophoresis to support taxonomic research. Analyzed genetic data to accurately identify species diversity, significantly contributing to regional biodiversity studies. Collaborated with an interdisciplinary research team, ensuring strict adherence to sample handling protocols and data integrity.

Kongoi Cyber Cafe
1 year

Computer Specialist
2020 - 2021 (1 year)

Provided essential technical support for computer systems, efficiently resolving hardware and software issues for a high volume of users. Managed all printing, scanning, and photocopying services, ensuring uninterrupted operational efficiency during a critical period.

Food And Beverage Assistant
2020 - 2021 (1 year)

Provided essential technical support for computer systems, efficiently resolving hardware and software issues for a high volume of users. Managed all printing, scanning, and photocopying services, ensuring uninterrupted operational efficiency during a critical period.

Education

University of Eldoret
Biotechnology and Biosafety , Gene/Genetic Therapy · (August 2022 - November 2026)

University of Eldoret
Biotechnology and Biosafety , Biological sciences vaccine research · (August 2022 - April 2026)

University of Eldoret
Bachelor's in Biotechnology and Biosafety , Human/Medical Genetics · (August 2022 - April 2026)

University of Eldoret

Bachelor of Science

University of Eldoret

Bachelor's degree in Biotechnology and Biosafety, Molecular Biology · (August 2022 - November 2026)
